My wife Diane and I are proud to call the Capitol Region our home, with a blended family of 8 children and 18 grandchildren. Like everyone else, we are concerned about the future of New York State and what the generations in charge are leaving behind for our children.

*As your State Senator I will tackle our Crime problem head on, fight tooth and nail to make NY more Affordable, and Demand our Government take Action on Illegal Immigration. Under my plan I will:*

- **Fight to Repeal the disastrous Bail Reform legislation** that led to catch and release policies letting dangerous criminals and repeat offenders back out on the street.
- **Support Law Enforcement** as we fight to take back our streets from the lawlessness that plagues our communities.
- **Rein in state spending** as Albany politicians propose to spend nearly a quarter trillion dollars this year.
- **Eliminate the \$700 million tax credit give away to Hollywood and use the savings to Cut income taxes, support increased tax credits for homeowners.**
- **Oppose** any policies out of Albany that increase our utility bills.
- **Support Development of Affordable Housing.**
- **Demand NYS provides funding for our schools and communities** that are forced to house and provide services to illegal immigrants as a result of relocation from NYC.
